Subject: SM300-3 Plinio Seniore — DNV classed 3-pax sub, \$895,000, South Florida

From: John Antaramian  
President & Chief Engineer, SubSurface Submersibles · Atlantic Submarines

I have a DNV +1A1 Sub III three-passenger submersible for sale. Global Submarines Oy SM300-3, named Plinio Seniore. 300 msw. South Florida.

Asking \$895,000 USD complete with three brand-new oil-packed spare kits, certification, and logs. Ready for survey, sea trial discussion, and shipment.

New 3-pax 300 m yacht subs list \$3.8–5.7M. This is a working hull with a real parts locker, not a two-year new-build slot.

Deep Ranger 2-pax also here, separate or package.

If you have an explorer or owner who wants a sub on the yacht, I would rather you heard it from me than from a listing board. Call or write.

John
